

GERMAN HORDES CAPTURE KEMMEL HEIGHT; BATTLE RAGES SOUTH OF SOMME

Haig's Hard Pressed Men Hold Out Long Against Greatly Superior Numbers But are Finally Forced Back; They Maintain Gains Elsewhere; Germans Admit Surprise at Zeebrugge by Plan to Depose Commander.

ONE OF LONG RANGE GUNS IS DESTROYED

LONDON, April 26.—The Germans in their attack on the northern battle front have occupied Kemmel hill, General Radcliffe, chief director of military operations at the war office, stated this afternoon.

LONDON, April 26.—A footing has been obtained on Kemmel hill by the Germans in their attack on the northern battle front, the war office announced today. The fighting is still continuing in this region.

The allied forces were engaged all day yesterday with greatly superior enemy forces along this front from Baillieu to Hollebeke (a distance of about 10 miles) and finally were compelled to give ground.

German posts which were holding out southeast of Villers-Bretonneux on the front south of the Somme after its recapture by the British were cleared up.

The statement follows:—
"On the Baillieu-Hollebeke front, after severe fighting lasting throughout the day against a greatly superior force, the allied troops were compelled to give ground and the enemy obtained a footing on Kemmel hill.

"We carried out successful minor operations during the night west of Merville and captured 50 prisoners and three machine guns. The hostile artillery has been active along our front from the Lys river to Givenchy."

FIGHTING HEAVY SOUTH OF SOMME.
PARIS, April 26.—Heavy artillery fighting south of the Somme is reported by the war office.

ONE LONG RANGE GUN DESTROYED.
PARIS, April 26.—One of three German long range guns which have been bombarding Paris has been destroyed, according to Deputy Lebourg, of the department of the Seine. The deputy said he had talked with the general commanding the guns near Crepy-en-Laonnois, where the big guns are stationed. The enemy, he declared, is constructing new emplacements.

GERMAN POSITIONS BECOMING PERILOUS.
ON THE FRENCH FRONT IN FRANCE, April 26.—The more they advance along the road toward Amiens the more perilous becomes the salient the Germans are forming in the Somme region, especially in view of the fact that the allied reserves are virtually intact and the allied armies are now commanded by a single chief.

The present moment is less favorable to the German plans than when they started their advance on March 21. Then a weak point existed between the French and British armies. Now there is no sensitive part of the line since the unified command has given the opportunity to make the most tactful use of all the allied troops.

BOMBARDMENT OF PARIS
CAUSES LITTLE DAMAGE.
PARIS, April 26.—The long range bombardment of Paris was resumed during the night. Up to 6 o'clock, as far as could be ascertained, nobody had been hurt and the damage done was not appreciable.

GERMANS AIM TO
TAKE KEMMEL HILL.
BERLIN, April 26.—The supplementary official statement from the German war office this evening reads:

"The army of General von Arnim is engaged in a battle for Kemmel heights."

ZEEBRUGGEE COMMANDER
TO LOSE HIS POST.
AMSTERDAM, April 26.—Vice Admiral Schroeder, the commander at Zeebrugge, according to reports reaching here, will be deprived of his command for being taken by surprise by the British Tuesday. German newspapers, in commenting on the raid at Zeebrugge, generally take the view that the official reports at Berlin, and represent the enterprise as having been a failure. Some, however, admit that the attack was made with great boldness.

LOANS TO ALLIES NOW
TOTALS \$2,388,850,000.
WASHINGTON, April 26.—Belgium has granted another credit of \$3,250,000 by the treasury today, making her borrowings from the United States \$107,850,000 and credits to all the allies \$2,388,850,000.

SEVENTY-FIVE NAMES
ON CASUALTY LIST.
WASHINGTON, April 26.—The casualties today contained 75 names divided as follows: Killed in action, 9; died of wounds, 5; died of disease, 3; wounded severely, 23; wounded lightly, 25.
Seven officers were named. Five of them reported severely wounded and one slightly wounded. They are: Severely wounded, Captain Henry Worthington, Lieutenants Orlando Brown, Edward M. Freeman, John Hyde and Harry S. Kelly. Slightly wounded, Lieutenants William H. Kirk and Alfred P. Kirwin. In addition to the seven officers

named another, Lieutenant N. Dow, previously reported killed, in action, was reported a prisoner in Germany and suffering from a severe wound.

FRENCH ATTEMPT RECAPTURE
OF KEMMEL HILL.
WITH THE BRITISH ARMY IN FRANCE, April 26.—The French this morning are counter-attacking at Kemmel hill in an attempt to reclaim the position taken by the Germans. Yesterday's fighting was of a desperate nature, and the enemy gains were only made at frightful cost.

TOBACCO FUND CROWS.
Contributions Made for Local Soldiers Going Over Totals \$38.
The tobacco fund with which smokers will be purchased for the Company D boys, and the Hospital Corps of the 110th Regiment, which is preparing to go over has reached a total of \$38.
Contributions are being taken at Hetzel's Drug store on Crawford avenue and Keagy's Drug store on the South Side.

MERCURY FAILING, RINGLER IS SUCCESSFUL IN ENDING HIS LIFE BY USE OF BELT

Edward Ringler, 35 years old, arrested last night by Patrolmen Geiger and Turner for looting about the streets of the city, was found dead in his cell this morning. He had died from strangulation, having hanged himself with a belt to the bars of his cell. The suicide was discovered this morning by Patrolmen Geiger and Rullit. The body was removed to the funeral parlors of J. E. Sims.
When Patrolmen Rullit and Geiger were making the rounds of the cells, taking the names of the prisoners prior to the hearings before Mayor Dugan, they received no answer from Ringler. In the dim light a man could be seen sitting on the edge of his iron cot, but he did not answer when Geiger asked his name. The officer struck a match and noticed the belt. The cell door was unlocked and Ringler cut down, but life was ex-

THIRTY-FOUR ARE CALLED TO GO TO FORT THOMAS, KY.

Local Board No. 2 Will Send 20, Board No. 5 14, Next Thursday.

THESE TRAVEL WESTWARD

Baltimore & Ohio Special Will Carry Them by Way of Pittsburg and Cincinnati. Are Scheduled to Start From Local Depot at 6:15 O'clock.

Orders have been received by both local boards for Districts Nos. 2 and 5 to call draftees for entrainment to Fort Thomas at Newport, Ky., on Thursday, May 2. The men will leave here over the Baltimore & Ohio railroad on a special train at 6:15 o'clock. Instead of running east as all the trains going to Camp Lee have previously done, the Fort Thomas special will go west towards Pittsburg. From there the train will proceed to Cincinnati and then to Newport, Ky.

District No. 2 has called 20 men to report at the armory, and No. 5 has sent notices to 14.
The No. 2 district men are: Clyde L. Young, Youngstown, O.; Jesse Linderman, Hagerstown, Md.; Vithelio Bianco, Scituate, N. Y.; Otto Soblatne, Owensdale, Pa.; Oscar Lankey, Acme; Tommaso Morrochi, Scituate; John Keenan, Pittsburgh; James E. Knopsider, Fred; Robert Oehl, Sarnum; William Thomas, Scituate; Andrew Warwick, William A. Adala, James Chorpching, Jacob Peters, James C. Whittaker, Ralph Furrner and Carmine Morri, all of Connellsville.

The men called by Board No. 5 are: Stanley Oehl; Allison; Elmer R. Shumaker, Ohio; Kazmar; Pivar; Trotter; Joshua L. Miller, Mill Run; Mark Lambie, Ohio; Robert K. Hoffman, Dawson; Harold C. Marti, Mill Run; P. B. Smiley, Dunbar; Benjamin F. Hall, Dunbar; Arthur Vargo, Leisemeyer; Leroy Hardy, Dunbar; Charles Smith, Ohio; William T. Caton, Gibson; Glade; Nicola Juterigia, Vanderhill.

CHAPLAIN MANS GUN WHEN MEMBERS OF ITS CREW ARE KILLED

Thrilling Stories of Heroic Action Come From the American Front in France.

By Associated Press.
WITH THE AMERICAN ARMY IN FRANCE, April 26.—Two American soldiers, wounded in the engagement around Seicheprey last night, were found alive today in a dugout in No Man's Land. The dugout had been badly smashed by German shell fire, and how the men managed to keep alive in the rain and mud and under continuous German bombardment, physicians say is little short of miraculous.

Father William J. Farrell of West Newton, Massachusetts, a regimental chaplain, proved such a good fighter that a high officer offered him a commission in his command. Father Farrell went to the assistance of a battery when four of the American gunners were killed, hurried up physicians and helped the crew to keep the gun working. He was slightly wounded.

Home on Furlough.
Orville Greer of Confluence, who is located at Fort Dixon, Ariz., is home on a furlough of 10 days.

NEXT MAIL FROM COMPANY D MAY BE DATED IN FRANCE

Details of Movements of Its Division Not Permitted By Censorship.

BOYS READY FOR ACTION

No Command in the Army Has Had More Intensive Drill Nor Has Any Been Longer in Preparing to Get to the Front; Other News of Interest.

The Twenty-eighth Division of the army, composed of the National Guard of Pennsylvania, of which Company D and the Hospital Corps of Connellsville are units, will soon be in France.

Further details of the movement of this command are not permitted under the censorship regulations. It cannot be stated what the port of embarkation will be, what route will be taken or the anticipated date of arrival. But it is probable that the next mail that relatives and friends of members of the division will receive will be postmarked France.

The division, which went through its reorganization and training period at Camp Hancock, Augusta, Ga., is recruited up to its full quota and is in first-class condition. Its efficiency is stated to be very high and friends expect it will give a good account of itself when it reaches the scene of action. It is commanded by General Muir, of the Regular Army.

For several weeks orders have been expected that would send the division to the front. It has been on the priority list at the War Department, showing that it was among the commands scheduled to be the first to be transported abroad.

Upon reaching the battle front the Twenty-eighth Division will be ready for active service with little or no intensive training. At Camp Hancock it was trained in trench warfare, bombing, gas attacks and all the modern technique. Whether it will enter active service as a division, or will be broken up and brigaded with British or French veterans is not known here.

COL. BARNHART GOES TO SEE HIS SON OFF.

Colonel and Mrs. James J. Barnhart, of Sunbury, left this morning for an embarkation camp to see their son, Evans L. Barnhart, who will leave soon for "Over There." Young Barnhart is a member of Company D, 110th Regiment, and served on the Mexican border in 1916. He has been with the company at Camp Hancock, Augusta.

(Continued on Page Two.)

"DON'T LET THE GERMANS TAKE YOU PRISONER," IS THE SPIRIT BOYS LIKE

To Have Their Mothers Display: If Nerves Them to Meet Big Tasks They Are Having Over There.

The spirit the mothers "back home" in America display towards the participation of their sons in the war is going to prove a mighty factor in sustaining them in the great struggle. When the parental injunction takes the form: "Whatever you do, do not let the Germans take you prisoner," the effect upon the person to whom it is addressed, if he be a soldier in France, is certain to be most stimulating. This is strikingly illustrated in an incident in which a mother and son, both known to many Connellsville people, figure.

In one of her letters to her son, Sergeant N. A. Driscoll, of Battery B, 17th Field Artillery, with the American Expeditionary Forces in France, Mrs. Catherine C. Driscoll, used the words quoted. In reply Sergeant Driscoll wrote:

"The Spartan mother has become proverbial, but in all history there is no line to excel that of your, whatever you do, do not let the Germans take you prisoner." With God's help I'll try to satisfy you.
"Last Tuesday was a red letter day in camp. Mail came in in bagful, and best of all there was something for me. Gee! It's great to receive letters. If you all knew what a letter means to the boys in France, you'd spend half your time writing to them. It's a keen disappointment to see a bag of mail come in and receive nothing. 'I've not suffered so much' as a headache since I joined this man's army. Not even a frost bite. Guess that's going some. I am in wonderful shape; don't worry about me. I'm fit to fight a dozen 'sausages' this minute, and I'm coming back in at least as good shape in every way as when I left and far better for the experience."

Weather Forecast

Rain tonight and probably Saturday; cooler Saturday, is the noon weather forecast for Western Pennsylvania.

Temperature Record.
1918 1917
Maximum 58 65
Minimum 48 50
Mean 58 57
The Young river fell during the night from 2.55 feet to 2.45 feet.

REFUSAL OF OPEN TOP CARS TO WAGON MINES IS UPHELD

By Decision of the I. C. C. on a Complaint Filed By a Coke Region Producer.

IS IN PUBLIC'S INTEREST

As a Whole, It is Held; Although a Discrimination Between Shippers as a Class, is Not Unjust Nor Prejudicial Within Meaning of Statute.

The Interstate Commerce Commission has upheld the railroads in their refusal to furnish open-top cars to wagon mines. In a decision handed down in proceedings brought against Ewing B. Swaney, who operates a wagon mine near York Run, on the Smithfield and Masontown branch of the Baltimore & Ohio, the commission says that the practice of refusing open-top cars to wagon mines is "shown to operate in the interest of the public as a whole."

The decision is on an action taken subsequent to July 24, 1917, on which date the Baltimore & Ohio Railroad company issued an order restricting wagon loaders to the use of box cars. A vigorous protest arose from the wagon operators of Fayette county, an association was formed with J. D. Madigan of Connellsville, as president, and the filing of a complaint with the Interstate Commerce Commission by Ewing B. Swaney, a member of the association, was authorized. Attorney L. B. Brownfield of Uniontown, prepared the complaint.

Observing that wagon mines are thus called "for the reason that they are not reached by railroad tracks," the decision points out that because of the rapid increase in the number of mines of this class, the already inadequate supply of open-top cars was thus enlarged. "Obviously," says the decision, "relief in some form was essential, and as a measure in that direction the carriers' commission on car service, as early as May 7, 1917, and on several subsequent dates, strongly urged a greater utilization of box cars for the loading of commodities that ordinarily would be transported in open cars. Coal was included."

"In compelling the use of box cars for team-track loading the result sought was to make available a larger supply of open-top cars for loading at the dipple mines, and in that way to aid in increasing the production and movement of coal."

Referring to the regulations of the Fuel Administration with respect to prices team-track mines are allowed to charge for their product, the decision concludes that, "These considerations make it clear that the pecuniary advantage which the complainant suffered has since been removed. Apart from this finding it is also clear that, although in its nature a discrimination between shippers as a class, the practice of the carrier nevertheless operates in the interest of the public as a whole; and in the light of such a result it is neither an unjust discrimination, nor is it unduly prejudicial within the meaning of the regulating statute."

MILITARY BAND INVESTS BUT \$200 OF THE Third Loan Bonds; to Escort Draftees.

The Connellsville Military Band has invested \$200 in the Third Liberty Loan. The purchase was authorized yesterday by Director John E. Gaster after conference with a number of members and the action will be approved by the executive committee. The subscription was turned over to the team captain by W. N. Leche.

The band will act as escort to the draftees leaving Sunday for Camp Lee.

Mexicans Fire on Cavalry Patrol. MARFA, TEXAS, April 26.—Private Saco Stone was wounded in the eye when Mexican soldiers fired on an American cavalry patrol near Everett ranch, south of here, yesterday. The fire was returned. The Mexicans fled, leaving five made-in-Germany rifles.

As a penalty for violating the 50-50 flour sale rule two Star Junction merchants, at a hearing yesterday at the office of Justice of the Peace Allen Galley at Perryopolis, were required to contribute \$100 each to the Red Cross, invest the same amount each in the Third Liberty Loan and refrain from the sale of flour for a period of 30 days. Mike Tomato admitted selling Mike Shulic 100 pounds of flour without substitute while Mike Smith pleaded guilty to the charge of letting John Antioch have 150 pounds of flour with 100 pounds of cornmeal.

Morris Krell was charged with selling to Frank Cosmar 550 pounds of flour without substitutes, but he denied the charge, admitting that a dryer may have been responsible. He promised to repossess himself of 300 pounds of the flour and because of the uncertainty as to whether he was

CONFIRMATION OF SALE OF THOMPSON COAL TO FRICK IS BEING OPPOSED

Holders of First Mortgage Liens Ask That Claims Be Protected; Charge Unfair Dealing by Trustees.

Charging that the trustees in bankruptcy of the estate of J. V. Thompson were not dealing fairly with the holders of first mortgage liens on Thompson property in Greene county, Attorney A. F. Silvers of Waynesburg, and an array of legal talent appeared before Judges Charles P. Orr and W. H. S. Thompson in the United States District Court in Pittsburg yesterday, and protested against ratification of the trustees' sale of large coal tracts to the H. C. Frick Coke company.

The sale of the land, which covers more than 7,000 acres of coal property in Greene county, was consummated a little more than a month ago, at a price aggregating \$3,627,000. At the time it is reported that there were in the neighborhood of 1,800 judgments against the property and numerous mortgages. The Frick company refused to accept the trustees' deed for the property unless all first lien holders temporarily relinquished their claims and allowed a clear title to be granted.

According to Attorney Silvers, the property has been advertised for sale and there is great danger of the first mortgage holders' claims being depreciated. He said the creditors wanted some assurance that they would obtain adequate protection for their claims if a clear title was granted before the mortgages were paid.

Attorney Silvers presented an order drawn at the request of a number of creditors which would require the trustees either to sell the property subject to the encumbrances or immediately settle all first mortgage claims upon receipt of the purchase price, which is to be paid in cash. Attorney Silvers further contended that the trustees had no right to sell the property free of encumbrance without having secured the consent of all first lien holders.

David M. Hartzog, George R. Scruggs and Rolfe M. Hitt, trustees, did not appear in court. They were represented by Attorney A. Leo Weil, who said every effort was being made by the trustees to bring about an early settlement of all first mortgages against the property.

WARD RINGLER HURT

Block and Tackle, Falling, Hit Him on the Head.

Ward H. Ringler, an employee of the Baltimore & Ohio railroad, was the victim of a painful accident yesterday afternoon while working in the air compressor room.

While assisting in putting in a new fly wheel, a block and tackle fell, striking Ringler on the head, inflicting two wounds, one requiring four stitches and the other two.

VIOLATE 50-50 RULE AND MUST BUY BONDS AND GIVE TO RED CROSS AS PENALTY

As a penalty for violating the 50-50 flour sale rule two Star Junction merchants, at a hearing yesterday at the office of Justice of the Peace Allen Galley at Perryopolis, were required to contribute \$100 each to the Red Cross, invest the same amount each in the Third Liberty Loan and refrain from the sale of flour for a period of 30 days. Mike Tomato admitted selling Mike Shulic 100 pounds of flour without substitute while Mike Smith pleaded guilty to the charge of letting John Antioch have 150 pounds of flour with 100 pounds of cornmeal.

Morris Krell was charged with selling to Frank Cosmar 550 pounds of flour without substitutes, but he denied the charge, admitting that a dryer may have been responsible. He promised to repossess himself of 300 pounds of the flour and because of the uncertainty as to whether he was

City's Allotment in Third Drive Oversubscribed By Nearly \$60,000

INDIAN HEAD A BOOSTER

The Mountain Village District Comes Across With Fund of \$2,650.

MILL RUN TOTAL IS \$16,000

County is Nearing the \$3,000,000 Mark and Prospects Now Are That When Campaign Ends the Maximum Goal of \$5,000,000 Will be Reached.

Connellsville went away over its quota today when \$906,600 was reported by the canvassing committees of the Liberty Loan committee at the noon dinner at the Masonic temple today. The teams for the most part had good success in the re-canvass of yesterday, and the goal of \$818,100 was easily topped today. The business men will continue their drive for one more week yet, but no more men will be held until next Friday evening. The Boy Scouts enter the campaign tomorrow, and it is expected that many thousands of dollars will be recovered through that source.

The meeting of the canvassing committees next Friday evening will be held at the Masonic temple where a supper will be served.

Indian Head reported \$2,650 this morning, practically all of the money in cash. The sum was turned in by L. L. Sparks, chairman of the canvassing committee of that place. Mill Run also reported an additional \$2,650, making a total of more than \$16,000 that has been subscribed at that place since the opening of the drive. The fine thing of the mountain subscriptions is that they are paid for in cash. If other districts in Springfield township respond as Mill Run has, it is certain that the quota for that district will be reached.

The last dinner for the canvassing teams was held at the Masonic temple at noon today, each captain reporting what he had collected since noon yesterday. Several teams exchanged districts for the remainder of today. Last reports were filed with the loan committee after the afternoon canvass had been completed. Some of the teams expected to get some results out of territory that had previously been gone over by other canvassers.

The county total is nearing the \$3,000,000 mark, but the goal was increased to \$5,000,000 some time ago, and every booster in the county is using "speed up" as his slogan. Up to the present the official total reported by the banks is \$2,715,959. It is certain that more than this amount has been subscribed, but has not yet gone through the banks.

A whirlwind flash here next week is expected, as by that time out of town districts ought to be making reports in full. Indications are that the outside canvassers are steadily plugging away at their work. A few townships have reported surprising results, but the bulk has not been computed yet.

The following women from the Trinity Lutheran church served dinner yesterday to the captains and their teams: Diningroom, Mrs. Lydia Perry, chairman; Mrs. Daniel Durie, Mrs. Emmett Collins, Mrs. J. B. Marlette, Mrs. H. C. Hoffman, Mrs. Karl Keck, Mrs. J. H. Blitzer, Mrs. Clyde Cotton, Mrs. Albert Sticox, Mrs. Edward Baer, Mrs. C. W. Erbeck, Mrs. T. E. Miller, Mrs. O. H. Sticox, Mrs. Earl T. Clabaugh, Mrs. E. R. Kooser, Mrs. A. C. White, Mrs. Paul Kamerer, Mrs. Arthur Nemon, Mrs. R. W. Leiberger, Mrs. Charles Work, Mrs. Lena Madison, Miss Rosea Kiek, Miss Rena Miller, Miss Iola Fries, Miss Margaret Brickman, Miss Vera Esholm and Miss Adala Leiberger; kitchen, Mrs. David May, chairman; Mrs. E. B. Burgess, Mrs. J. H. Bengel, Mrs. J. S. Ellard, Mrs. Carlson, Mrs. Harry Decker, Mrs. J. L. Fries, Mrs. H. L. Cochran, Mrs. Mary Morman, Mrs. Carrie Bittner, Mrs. Margaret Fernwall, Mrs. Walter Wincoff and Mrs. S. G. Zimmerman.

WARD RINGLER HURT

Block and Tackle, Falling, Hit Him on the Head.

Ward H. Ringler, an employee of the Baltimore & Ohio railroad, was the victim of a painful accident yesterday afternoon while working in the air compressor room.

While assisting in putting in a new fly wheel, a block and tackle fell, striking Ringler on the head, inflicting two wounds, one requiring four stitches and the other two.

RAINEY WORKERS DO WELL

Mine and Coke Making Departments at Lemont Subscribe \$31,000.

The employees of W. J. Rainey at Lemont have subscribed \$31,000 toward the Third Liberty Loan.

The figures cover only the subscriptions by the men employed in the mines and on the coke yard.

KILLED BY TRAIN.

Civil War Veteran Strain in Front of Express at Brownsville.

W. F. Johnson of Brownsville, was instantly killed last evening in the South Brownsville Monongahela Railway company yards, when he accidentally stepped in front of the Fairmont express train.

Mr. Johnson was a Civil War veteran and had been employed by the Monongahela Railway company for the last 15 years.

SOCIAL PERSONAL

Rev. J. H. Lamberton, pastor of the Methodist Protestant church, was given a real surprise last evening when more than 50 friends from the Summit chapel gathered at his home in East Apple street. The object of the gathering was the presentation of a \$50 study desk as a token of appreciation for revival meetings which resulted in 41 converts, a number of whom were present. Col. J. J. Barnhart acted as spokesman and made the presentation speech. The evening was featured by songs, patriotic and sacred, readings by Mrs. Smith Grimm, and refreshments served.

Mr. and Mrs. John M. Young entertained the EXH club last evening at their home in East Green street. Five tables were utilized, and following the games prizes were awarded Mrs. C. E. Wilson and J. C. Whitley. Luncheon was served. The meeting marked the closing of the club season. The next meeting will be held in October at the home of Mr. and Mrs. Charles Crowley on the South Side.

The marriage of Miss Mabel Walder of Mount Vernon, N. Y., and Harry D. Carpenter, son of Mr. and Mrs. L. M. Carpenter of Meadville, will be quietly solemnized tomorrow in the home of the bride. Mr. Carpenter is a brother of Harry L. and Otis R. Carpenter of this city, and has a number of friends here. He is in the electrical business at Meadville.

Friends of Robert Lindale Frazier of Dover, Del., will give a farewell party tonight at the Royal Hotel in his honor. Mr. Frazier received his call to join Uncle Sam's new National Army last night from the Dover draft board, with instructions to be ready to embark May 1. Tonight at 11:45 o'clock he will leave for his Dover home to visit his parents, previous to leaving for a cantonment. Mr. Frazier is connected with the du Pont enterprises, with headquarters in Connellsville since last October. He has the best wishes of his many friends acquired during his stay here.

Mr. and Mrs. M. J. Kennedy and Mrs. Kittell of Scottsdale, were among the out-of-town guests at the wedding of Miss Rosalee L. McCann, daughter of Mr. and Mrs. P. E. McCann of Greensburg, and Paul E. Giesey of Wilkesburg, solemnized Wednesday morning in the church of the Most Holy Sacrament, Greensburg. Monitors A. A. Lambing of Wilkesburg, and uncle of the bride, assisted by Rev. Father M. A. Lambing of Scottsdale, and Rev. Father Gilbert Strawn officiated.

Dorothy Ruse of Race street, and Germaine Newcomer of New Castle, formerly of Connellsville, will share honors at a children's week-end house party to be given by Mrs. Arthur Johnson of Edgewood, Pa. Little Miss Ruse was accompanied to Edgewood this afternoon by Miss Elizabeth Hilkert, a sister of Mrs. Johnson.

The monthly meeting of the Women's Missionary circle of the First Baptist church was held yesterday afternoon in the church. The first half hour of the meeting was led by Mrs. Biesel, followed by an interesting program entitled, "Keeping the Flag and the Cross Together."

Visitation Day will be observed Sunday by the First Baptist Sunday school. The object is to increase the Sunday school attendance.

The G. I. A. unit to the Charleston Comforts branch of the Navy League met last night at the home of Mrs. George Gamble in South Pittsburg street, with Mrs. E. G. Graham of Johnstown, a daughter of Mrs. Gamble, hostess. About twelve ladies were present and spent the evening knitting for the sailors.

The regular meeting of the Woman's Bible class of the First Methodist Episcopal church was held yesterday afternoon at the parsonage, in South Pittsburg street.

The Royal circle of the United Brethren church will meet tonight in the church. The business meeting will be followed by a birthday party, at which music will be rendered and refreshments served.

"The Minister's Wife's New Bonnet," was presented last evening in the Christian church before an appreciative audience. The entertainment was given by the church choir under the direction of James Charlesworth, the church organist.

The name of the local Y. W. C. A. was changed to the Venti Vida Vica club at a meeting held last evening at the home of Mrs. S. L. Fletcher, in Morrell avenue, Greensburg. The evening was spent at knitting. Selections by a talking machine were greatly enjoyed.

Albert Noschke, who leaves Sunday night with the draftees for Camp Lee, Petersburg, Va., was tendered a surprise party last night at the Queen

City restaurant. Young Noschke for some time past has been employed in the shoe department of the Wright-Metzler company store, and the party was given by other employees of the company. Flags were used in decorating. Supper was served at 8:30 o'clock. The remainder of the evening was spent at dancing and music.

BOOSTING "SEA POWER"
Navy League Branch Arranges for Sample Copies of Magazine.

After his lecture Wednesday night Captain W. H. Stanton appealed to the membership committee of the Navy League here to use their best efforts in having the people of Connellsville and vicinity become members of the Navy League so that they may through "Sea Power," the official league magazine, and various literature sent out from headquarters, become better acquainted with the navy and the part it is playing in the great war.

Every person who is interested in the navy and the ship building work is urged to sign the card handed out at Captain Stanton's lecture or the application blank on another page of The Courier and mail it to the Navy League, Title & Trust building, Connellsville. "Sea Power" is a beautifully illustrated magazine, containing most interesting and enlightening information on naval and maritime subjects. It is sent free of charge to all Navy League members.

Clark Declines.
WASHINGTON, April 25.—Speaker Champ Clark today declined Governor Gardner's proffer of the Missouri senatorship to fill the vacancy caused by Senator Stone's death.

Odd Fellows' Anniversary.
The Odd Fellows of Connellsville will observe the 99th anniversary of Odd Fellowship Sunday at a rally in the temple in South Pittsburg street.

County Examinations Saturday.
County examinations for students of schools having a term of eight months will be held Saturday in the several districts of the county.

NEXT MAIL FROM COMPANY D MAY BE BE DATED IN FRANCE

Continued from Page One.
Ga., since last September. On leaving this morning, Colonel Barnhart, who is a veteran of the Civil War, stated he would also go across if he could get a commission.

RALPH SLIGER BEING KEPT BUSY AT CAMP LEE.

In a letter to C. B. McCormick of The Courier force Ralph Sliger lets it be known that he, together with other boys at Camp Lee, are not suffering for lack of something to do. "We are either digging trenches, taking all day hikes with heavy packs, skirmishing or drilling all day," Ralph writes. "When you have put in a full day at these stunts you are usually ready to go to bed early."

"They have started to give furloughs in our company but I don't suppose they will get down to my name for three or four weeks. They let all the old men go first, so it will take about that long before they reach me."

VISITS BROTHER WHO IS LEAVING FOR CAMP.

Mrs. A. M. Weaver of Leisening has returned to her home after a visit with her brother, Corporal J. E. Lehart, and other relatives near Greensburg. Corporal Lehart has returned to Camp Lee after spending a five-day furlough. He is attached to the headquarters company of the 320th Infantry. He has taken two courses in training for officers and expects soon to leave for France. Last week he paid a visit to Leisening.

END OF THE BOOGE.

NEAR SAYS HARRY.
American boys in France look upon the offensive of the Germans in a much less serious light than we here in America. "Things are beginning to look better," writes Samuel Harry, who is with the Fifteenth Engineers, to his parents, Mr. and Mrs. S. J. Harry of Connellsville. "I don't think it will be long until I see you again. If I am not mistaken the end of the Boogie is in sight."

CHARLES MURRAY MOVES UP IN SIGNAL CORPS.

Charles C. Murray, member of Company C, Ninth Field Battalion, of the Signal Corps, has been promoted to sergeant, according to word received here. Sergeant Murray is a son of Mrs. Margaret Murray of the West Side and a brother-in-law of C. B. McCormick of The Courier. He was formerly located at Camp Stanley, Texas, but has been moved lately to an embarkation camp.

EDWARD MCGIVERN OFF FOR SOMEWHERE.

"I am enjoying army life in Texas, but by the time you receive this I will have left the Lone Star state for—I don't know where," writes Edward McGivern, member of the 110th Aero Squadron, to The Courier, from Waco, Texas. McGivern went south with Alva Cochran and others, but he was the only one sent to Waco.

GEORGE H. JOHNSON HAVING GOOD TIME IN FRANCE.

Mrs. Carrie V. Johnson of 508 North avenue, has received word from her son, George H. Johnson, that he is, well, and having a good time in France as a member of Company C, 508th Engineers. Private Johnson was a driver for Harry Dull before entering the service.

BYRON RHODES WRITES HE'S SAFE OVER THERE.

Byron Rhodes of the West Side is safe in France and getting the best out of army life, according to a letter to his parents, Mr. and Mrs. Daniel Rhodes. The people of France act as if they could not do too much for the Americans, he says. Rhodes is in the veterinary service.

GEORGE STRICKLER, JR. MADE CORPORAL.

Word has been received at Vanderbilt of the promotion of George Strickler, Jr., to corporal. Corporal Strickler is the son of Mr. and Mrs. G. M. Strickler, and is now located at Camp Laurel, Md.

B. & O. FIREMAN JOINS ENGINEERS.

C. R. Dunston of Wilber avenue, a well known Baltimore & Ohio fireman, will leave Sunday night for Camp Dix, Wrightstown, N. J., to join the 54th Engineers' Operation Battalion.

CORPORAL FRAZIER RETURNS TO CAMP UPTON.

Corporal Eugene Frazier, who has been home on a five-day furlough visiting his mother, Mrs. Jennie Frazier of Trotter, returned to Camp Upton, N. Y., yesterday.

DR. SINGER "OVER THERE" LETTER HOME SAYS.

Dr. John J. Singer, formerly of Connellsville, has arrived safely in France, according to word received in Greensburg.

ANOTHER DUNBAR BOY BECOMES A REGULAR.

Charles W. Harvey of Dunbar, enlisted in the Regular Army at the Pittsburg recruiting station yesterday.

Arrested for Larceny.
Three young men have been arrested by City Detective Mitchell charged with the robbery of \$20 and candy from the confectionery store of Paris Melin on North Pittsburg street. The store was broken into on Monday night, the rear window being knocked out. The youths all gave bail for a hearing before an alderman.

Granted Marriage Licenses.
Owen C. Hughes of Fayette county, and Ivy A. C. Wingrove of Smithfield, and Frank B. Eburg of Scottsdale, and Emma B. Laughhead of Everson, were granted marriage licenses at Greensburg.

Jump from Bed in Morning and Drink Hot Water

Tells why everyone should drink hot water each morning before breakfast.

Why is man and woman, half the time, feeling nervous, despondent, worried, sore days, headache, dull and unstrung; some days really incapacitated by illness?

If we all would practice inside-bathing, what a gratifying change would take place. Instead of thousands of half-sick, anemic-looking souls with pasty, muddy complexions, we should see crowds of happy, healthy, rosy-cheeked people everywhere. The reason is that the human system does not rid itself each day of all the waste which it accumulates under our present mode of living. For every ounce of food and drink taken into the system nearly an ounce of waste material must be carried out, else it ferments and forms poisonous-like poisons which are absorbed into the blood.

Men and women, whether sick or well, are advised to drink each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it, as a harmless means of washing out of the stomach, liver, kidneys and bowels the indigestible material, waste, sour bile and toxins.

Millions of people who had their turn at constipation, bilious attacks, acid stomach, nervous days and sleepless nights have become real cranks about the morning inside-bath. A quarter pound of limestone phosphate will not cost much at the drug store, but is sufficient to demonstrate to anyone its cleansing, sweetening and refreshing effect upon the system.

The Grim Reaper

SAMUEL BOWLIN.
CONNEVILLE, April 26.—Samuel Bowlin, one of the oldest residents of Conneville, died here yesterday afternoon of pneumonia, aged about 75 years. He had been sick only a few days. He leaves a wife, one son and three daughters. He was the father of Baltimore & Ohio conductor William Bowlin, who was killed by a train a few years ago, and who lived in Conneville. No arrangements have been made.

EDWARD BAIRD FRENCH.
Edward Baird French, 18 years old, died yesterday afternoon at his home at Brownsville following a lingering illness.

MISS MARY BERLIN.
Miss Mary Berlin, daughter of Mrs. Gerda M. Berlin, died last night at the home of her mother at Everson after a lingering illness. Besides her mother she leaves the following brothers and sisters: Mrs. J. Porter Ketter, Stauffer; Mrs. M. F. O'Toole and Alva Cochran, and Charles, George, Nellie and Laura at home. She was a member of Trinity Lutheran church, Connellsville. No arrangements for the funeral have been made.

MRS. KATE BROWNFIELD.
Mrs. Kate Brownfield, widow of John C. Brownfield, died yesterday at the home of her son, Joseph C. Brownfield, 607 Walnut avenue, Scottsdale. Funeral from the son's home tomorrow afternoon at 2:30 o'clock, with Rev. I. E. Runk, pastor of the Scottsdale United Brethren church, officiating. Interment in the Scottsdale cemetery. Deceased is survived by the following children: C. W. Brownfield, of Birmingham, N. Y.; John H. Brownfield, of Greensburg, N. Y.; Joseph C. Brownfield, all of Scottsdale; and Mrs. James Farley, of Pittsford.

ROSE GALL.
The funeral of Rose Gall, small daughter of Mr. and Mrs. Frank Gall of the West Side, was held this afternoon from St. Rita's Italian church in the West Side. Interment in St. Joseph's cemetery.

LIBERTY DAY REQUESTS

Fayette County Committee Urges Three Duties on Public.

In observance of Liberty Day today—the Fayette County Liberty Loan committee asks every man and woman to do the following:

1. To buy a Liberty Bond if you have not done so already. To buy another if you can.
2. To hold no conversation with any friend or acquaintance without introducing the subject of our duty and privilege to buy Liberty Bonds.
3. To write a hearty, cheery note to some boy in service from Fayette county.

Liberty Day was set aside by the President, who asked that the afternoon of April 26 be made a holiday. Owing to the great parade of last week no formal observance of the day was arranged for Connellsville.

Wed in Cumberland.
Luther Hake and Rachel Elton, both of Owensdale, and Charles Wright of McClellandtown and Sylvia Franks of Monessen were granted licenses to wed in Cumberland.

Eight-Pound Son.
Mr. and Mrs. Frank G. Wilson of Edwin avenue, Scottsdale, are receiving congratulations upon the birth of an eight-pound son this morning.

Highly Favored Frock Styles

With the graceful straight lines as the prevailing mode, we are presenting each day a series of models that are individual and style-different as can be.

For example, a navy blue crepe dress with contrasting trimming, colored large head buttons, Dutch neck and over skirt effect—a plain, simple, but effective style.

A serge frock trimmed with satin, with belt, and bow details; square neck and buttons.

Another model, straight line but with low blouse and waist. This style is trimmed madrasine style with Scotch plaid.

White—A Smart Hat Style

There are many hundreds of very smart people who maintain that no hat is so smart and exclusive as the all white hat.

White Hats are out on Fifth avenue, New York and tomorrow we place on exhibition and sale a large collection which is received within the hour of this writing.

Prices range from \$4.95 to \$20.00.

HOW TO AVOID BACKACHE AND NERVOUSNESS

Told by Mrs. Lynch From Own Experience.

Providence, R. I.—"I was all run down in health, was nervous, had backache, aches, my back ached all the time. I was tired and had no ambition for anything. I had taken a number of medicines which did me no good. One day I read about Lydia E. Pinkham's Vegetable Compound and what it had done for women, so I tried it. My nervousness and backache and headaches disappeared. I gained in weight and feel fine, so I can honestly recommend Lydia E. Pinkham's Vegetable Compound to any woman who is suffering as I was."

Mrs. ADELIN E. LYNCH, 100 Plain St., Providence, R. I.
Backache and nervousness are symptoms of nature's warnings, which indicate a functional disturbance or an unhealthy condition which often develops into a more serious ailment.

Women in this condition should not continue to drag along without help, but profit by Mrs. Lynch's experience, and try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound—and for special advice write to Lydia E. Pinkham Med. Co., Lynn, Mass.

TO PEOPLE WHO CHAFE

Over one hundred thousand people in this country have proved that nothing relieves the soreness of chafing so quickly and permanently as "Glycerin Comfort Powder."

25c at Vinal and other drug stores. Trial Box Free.
The Comfort Powder Co., Boston, Mass.

Notice.

There will be a dance in the Slavish hall, Saturday, April 28. All are invited.—Adv.—25-1p3t.

Saving dollars and wasting the lives of the boys in the trenches is poor business. Better invest in a Liberty Bond.

FRENCH GIRLS ARE NOT GOOD LOOKING, OPINES CONNELLSVILLE SOLDIER

W. S. Ringer of South Conneltsville is in receipt of a second letter from his son, Lawrence C. Ringer, now somewhere in France, with the 20th Forestry Engineers. Lawrence enlisted at Washington, D. C., on February 4. Just 34 days after leaving his home he stepped on French soil. He crossed the Atlantic at the time Secretary of War Baker went to France.

After five days out from the home port the ship encountered rough weather and not being accustomed to that mode of travel Private Ringer, along with about 50 others, found themselves on the deck of the vessel desperately trying to regain their feet. "It sure was some trip," he writes. "I only want to make one more trip over the pond, and that is the trip back to the U. S. A."

Going over Ringer met Jackson D. Pringle, a Meyer boy, whom he was

glad to see. He says that where his regiment is located the people appear to be very poor and wear wooden shoes. He says that the French girls are not good looking to him. "If they were, I could not talk to them, so that makes no difference."

The address of Herbert C. Shank and J. E. Crouse, serving with the 15th Railway Engineers is requested, permission having been granted for boys in different commands to correspond with each other. The box cars in use on the railroads, where Ringer is located are about the size of a Baltimore & Ohio caboose and the locomotives about like the "dinkers" used at Davidson coke works, Ringer says. When his first letter was written, March 15, he says that the farmers were busy plowing for the spring crops and vegetation was starting nicely.

DR. CALDWELL'S Syrup Pepsin

The Perfect Laxative

is a combination of simple Laxative Herbs with Pepsin, mild and gentle in its action and relieves constipation quickly, without griping or other pain or discomfort. It is especially recommended for children.

FURNACE OPERATION MAKING BETTER SHOWING THAN IN MARCH

The Carnegie Steel Company Holds Idle List to 10 Furnaces.

CAR SUPPLY DON'T TALLY

With Reports That "Coke Circulation From Time to Time; Cause Much Trouble for Operators; A Continuously Good Supply is Need of Trade."

Special to The Weekly Courier.

PITTSBURG, April 24.—The Carnegie Steel company is operating 49 of its 59 blast furnaces, the same number as a week ago. The 10 idle furnaces are out of blast, none being banked. During the past week one furnace has been blown out for re-lining while an idle stack was blown in. The furnace operation as a whole thus far this month has not varied materially, and makes just an appreciably better showing than the average for March. The National Tube company continues to operate 10 of its 11 stacks. The Republic Iron & Steel company has been seeking to blow in an idle stack at Youngstown, and is now about ready to do so, with a supply of coke practically in sight.

The merchant furnaces have lost a little time in the past week from bankings, but the bankings have not been numerous. One stack was out from Saturday noon to Monday noon. The merchant stacks have, however, lost a good bit of operation through having to be gassed, some of them being down at times to a rate but little over one-half capacity. This has increased somewhat the consumption of coke per ton of pig iron, while it has greatly increased the cost of production, the payrolls going on just the same, but being divided by a smaller tonnage of output.

Coke operators do not take kindly to much of the talk that is being circulated as to car supplies. For several weeks there have been reports at intervals of greatly increased car supplies, when as a matter of fact coke shipments, week by week, have not increased. The customers of the operators hear these reports, and the operators have a hard time explaining that they are not so. It used to be that when car supplies for a day or two were particularly poor the news would be circulated. Of late the disposition has been to circulate news of good car supplies when they occurred, while the days of particularly poor supplies received no attention. Furnacemen near at hand and in close touch with the situation understand matters, but there are others who do not and they make quite a lot of trouble for coke operators.

Particular complaint is made of a practice in which some of the railroads have lately indulged, of stating car supplies in proportion to the loading ability, at the moment, of the operators, instead of in the former universal manner of stating car supplies against the full ratings of the coke plants. The furnacemen recalls that long ago when car supplies were reported, for instance, at 40 per cent, he was getting a certain amount of coke. Now he sometimes hears of car supplies at 70 or 80 per cent, and yet he receives no more coke at his furnace. In a number of cases recently cited, the difference is not in the number of cars furnished, but in the method of computing the percentage. Large operators keep records of their own car receipts against their ratings, and find that frequently the week's average does not agree at all with published reports.

Car supplies thus far this week have really been better than the average of the early days of preceding weeks, but coke producers are taking no particular comfort from the fact, as they have learned that a particularly good beginning often means a particularly poor ending for a week. When there has been a whole week of continuously good car supplies, the coke trade will sit up and take notice. Market transactions in coke are altogether exceptional. It is only under special circumstances that any coke is offered in the open market, and when it is, it is not offered long. Some coke is changing hands, however, through the consumer seeking the seller, while the coke commanded by the Fuel Administration represents, technically, open market transactions as the Fuel Administration brings the producer and consumer together and causes them to transact business. The market remains quotable at the government limits.

COKE TRADE SUMMARY.

The repeated failure of promise and performance in coke car supplies, the monotony, or dove-tail together, of causing the trade generally to lose faith in the potency of signs, which have long been regarded as almost an infallible index to the situation or conditions of the near future. The record of the past three weeks illustrates this very clearly. Each of these six-day periods have opened auspiciously, so far as car supply was concerned, beguiling the expectation that they would show very decided improvement over the week preceding. In each instance the latter half of the week has brought a sharp decline in the number of available cars for wide fluctuation from day to day, the average of the week being out accordingly. The result has been that permanent advance in output has not yet been registered, hence the disinclination to regard the usual signs and portents with accustomed reverence. The optimism as to future improvement in conditions, just now the larger interest centers in the inauguration of the campaign to secure the loading of clean coal. The inspection department of the Fuel Administration is now in operation and much interesting information is being revealed, such as material running as high as 23 per cent in ash and as low as 10,000 B. T. U. having been shipped as coal, largely from team track mines or the like. The authorities are equipped to deal with persistent offenders through cutting off car supply.

Furnace 2-hour selected \$6.00
Foundry 2-hour selected \$7.00
Crushed over 1-inch \$7.50
The pig iron market continues quiet, as to actual transactions. There is considerable inquiry, confined largely to early deliveries and as a rule involving only small tonnages. Consumers with few exceptions are well provided with contracts, and what they want is deliveries against these contracts. Most of the particularly high priced contract tonnage, at \$50 and thereabouts, has been worked out, and the average invoice price of the furnaces is not far from the prices set by the government. There is still some iron being delivered at below the set prices, against contracts made early last year. The market remains quotable at maximum prices set by the government: Bessemer \$35.50
Basic \$32.00
No. 1 \$32.00
Malleable \$32.50
Gray forge \$32.50
These prices are f. o. b. furnace, freight to Pittsburgh in the case of the valleys being 95 cents.

GOVERNMENT'S DEMAND FOR STEEL IS PROVING LARGER THAN EXPECTED

Appointment of Schwab as Ship Building Head Will Give New Life to That Necessary Industry.

Special to The Weekly Courier.

NEW YORK, April 24.—The American Metal Market and Daily Iron & Steel Report will review the steel and iron trade tomorrow as follows: The steel producers are taking quite seriously the demands of the government for heavier shipments of steel, particularly for shipbuilding, and are complying with all requests. There is less disposition than formerly to believe that the authorities are calling for heavier deliveries than are really required, and the opinion is growing that the war requirements will really prove larger than the steel producers were expecting, even a few weeks ago.

The steel industry believes that the appointment of C. M. Schwab as director general of ship construction will make a great difference. The trade has had experience with his executive ability, and points to the fact that of moving headquarters from Washington to Philadelphia, as a practical step of importance. One thing is clear, that if steel plates for shipbuilding are to be required week after week at the rate now demanded, ships will be built at a much greater rate than is represented by the recent vessel completions and vessel launchings.

The requirements of commercial consumers of steel have evidently increased. Their receipts of steel since March last have been fully double their receipts in January and February, and yet they do not seem to be better supplied than formerly. In nearly all branches of the finished steel trade there is pressure on buyers for better deliveries. This relates more to shipments under old contracts than it

Handsome big Art Leather Couches very substantially converted. Every tuft clinched in place and springs well supported. Compare it with \$30 values elsewhere.

does to fresh market demand. The enquiry in the open market is confined chiefly to relatively small lots for early shipment, and in the majority of cases the mills are not in position to quote.

Production does not increase at either the blast furnaces or the steel works, and most reports would indicate that this month's tonnage will hardly exceed that of March, when there was such an improvement over the showing for the two preceding months of the year. Output, however, is approximately equal to output in 1916, the new construction of the past two years being approximately balanced by the restriction at present.

CONNELLSVILLE HOUSEWIFE BECOMES NEW WOMAN

"All of our best doctors had given me up. I was unable to leave my bed for 16 weeks, and was as yellow as a pumpkin, besides the terrible stomach pains I suffered. Our Druggist advised my husband to try May's Wonderful Remedy and it has saved my life. I am a new woman now." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. A. A. Clarke.—Adv.

"CAP" STORIES

THEY DID!

At the Theatres

THE PARAMOUNT.

"THE BRASS CHECK"—A seven-part Metro production, in which Francis X. Bushman and Beverly Bayne appear in the leading role, is being shown today. The story relates to a baggage check which is the means of turning the son of a powerful trust magnate into an amateur detective and sending him on the search for a young inventor who has been shut up in a private asylum because he will not turn over an invention to the trust. The inventor's sister is also instrumental in affecting his rescue, and this brings her in contact with the wealthy amateur detective. Mutual attraction terminates in a wedding, and everything is straightened out to the satisfaction of all parties concerned. The sister gets into the asylum as a nurse and her future husband manages the same thing by passing off as a chauffeur, after he is mistaken for an escaped lunatic. The exterior of the picture are all winter scenes, many of them full of quiet beauty. Tomorrow, "The Auction Block," Rex Beach's greatest picture, will be presented by an all star cast, including Ruby DeRemer, Florence Deshon, Tom Powers, George Cooper and others. Ruby DeRemer, as the heroine, represents the aggregate maidenhood of America, and the temptations to which she is subjected in the course of the photoplay are supposed to cover all possible temptations to which girls are subjected in real life. Monday, Viola Dana will be starred in "Blue Jeans."

ARCADE THEATRE.

Greenwalt's Moonlight Alarms company at the Arcade theatre last night certainly demonstrated to the satisfaction of every one present that they were different. The play deals with two Irishmen, Rubo Ferns and Ray Greenwalt, to deceive their wives and flirt with Floozy Brown, a seaside belle, who, with the assistance of her husband, Dick Brown, and the wives, succeed in placing them in many ludicrous positions. The musical act of Greenwalt and Laury was well received. Mr. Greenwalt's rendition of Dvorak's Humoresque on the violin had all the marks of an artist. The act closed with a Scotch dance by Miss Laury, who, by the way, is a native of the heather land. Little Miss Pauline Avis sang "Kentucky Babe," a beautiful ballad. This song seems to fit her sweet lyrical voice. She was assisted by the Hoosier City Saxophone Quartette in a melodious accompaniment. The company carries its own special scenery, and a delay in handling it was the cause of the matinee to be called off. The wardrobe of the company is beautiful, and a chorus of a dozen girls put over the numbers with a snap and vim. As singers, dancers and musicians and entertainers this company is far above the average. A new bill today and tomorrow, with a big special feature picture.

ORPHEUS THEATRE.

"HEADIN' SOUTH"—The latest Ansett picture features Douglas Fairbanks. Through the riot of thrills and adventure that run in this drama a love romance stands out. Catherine MacDonald, the new leading lady for Fairbanks, discloses a goodly measure of athletic skill while playing opposite the strenuous and acrobatic star. "Billy in Society," a Billy West comedy, will prove entertaining to all. Monday, Wallace Reid appears in the Paramount drama, "Rimrock Jones."

SPARE THAT CHICKEN!

Food Administration Appeals to Motorists of the State to Observe Care.

PHILADELPHIA, April 25.—The Food Administration for Pennsylvania issues an appeal to the motorists of Pennsylvania on behalf of the hen and her brood. It says that one of the most serious losses to the poultry industry of late years has been the mortality of hens and broods of little chickens on highways where there is considerable motor traffic. This loss is estimated to be greater than the depredations by hawks and with the steady increase in the number of motorists is now an important factor in the food situation. Motorists are asked to exercise care and use their influence to prevent the killing and crippling of poultry which have wandered into the road. An injured fowl or young chicken is usually unable to hunt its feed and either dies or becomes a runt. The chick that you spare today may be your Sunday dinner a few months hence.

GRANDMOTHER KNEW

There Was Nothing So Good for Congestion and Colds as Mustard

But the old-fashioned mustard-plaster burned and blistered while it acted. Get the relief and help that mustard plasters gave, without the plaster and without the blister.

Musterole does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin.

Just massage Musterole in with the finger-tips gently. See how quickly it brings relief—how speedily the pain disappears. Use Musterole for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, muscle bruises, chilblains, frost-bite, colds of the chest (it often prevents pneumonia). 30c and 60c jars; hospital size \$2.50.

375 4x4 wipes, 1235 2x2 wipes.

Unit No. 20—Miss Pauline Parker, chairman; Miss Oberly, secretary—10 dish cloths, 4 socks, 80 towels, 4 wristlets, 49 bandages.

Unit No. 21—Miss Carlson, chairman; Miss Berkstrohm, secretary—6 sweaters, 18 wristlets, 264 towels, 54 bed socks, 14 knee bandages, 4 socks, 4 helmets, 108 bandages, 14 wash cloths, 82 eye bandages.

Unit No. 22—Mrs. Mooney, chairman; Miss Margaret Finnerty, secretary—3 sweaters, 20 wristlets, 8 wash cloths, 7 knee bandages, 24 socks, 1 helmet, 1 ambulance robe, 20 eye bandages.

Unit No. 23—Miss Clarkson, chairman; Miss King, secretary—work not completed.

Unit No. 24—Miss Fitzgerald, chairman; Miss Hixon, secretary—1 sweater, 1 scarf, 14 wristlets, 16 socks, 1 helmet.

Unit No. 25—Mrs. J. R. Campbell, chairman; Mrs. Glasgow, secretary—1 sweater, 4 wristlets, 2 helmets, 106 5-yard rolls, 1050 2x2 wipes, 175 4x4 wipes, 400 8x4 compresses.

Unit No. 26—Miss Katherine McBurney, chairman; Miss Kelly, secretary—1 sweater, 1 helmet, 2 scarfs, 2 wristlets.

Unit No. 27—Miss Katherine Weddell, chairman; Miss Armstrong, secretary—1 sweater, 14 wristlets.

Unit No. 28—Mrs. J. M. Zimmers, chairman; Mrs. Mellinger, secretary—work not completed.

Unit No. 29—Mrs. Connors, chairman; Miss Moore, secretary—396 towels, 210 abdominal bandages, 2 sweaters, 2 wristlets, 1 eye bandage, 1 knee bandage, 1 scarf.

Unit No. 30—Mrs. W. A. Budd, chairman; Mrs. Kennell, secretary—60 towels, 12 bandages, 24 eye bandages.

Unit No. 31—Mrs. Uery, chairman; Miss Jarvatt, secretary—1 sweater, 1400 8x4 compresses, 50 bare foot socks, 38 knee bandages, 180 eye bandages, 20 wristlets, 18 long straps and buckles, 18 short straps and buckles, 64 abdominal bandages, 24 towels, 1 wash cloth, Refugee work—4 muslin chemise, 1 jacket, 1 petticoat, 1 midly, 1 skirt, 1 black undershirt, 1 pair baby shoes, 1 pair baby stockings, 2 gingham dresses, 1 lady's vest, 1 vest (man's), 1 drawers (man's).

Unit No. 32—Miss Carrie Wiley, chairman; Miss Cecilia Reid, secretary—5 hospital shirts, 48 5-yard rolls, 120 4x4 compresses, 400 2x2 wipes, 200 4x4 wipes.

Vanderbilt.

VANDERBILT, April 25.—J. L. Love and Frank Marotti were business callers in Pittsburgh yesterday. Mrs. Dave Herwick is visiting relatives in Star Junction.

Mr. and Mrs. Paul Teichert and family have moved from the Danielson property on Pennsylvania avenue to the house on the hill formerly occupied by Mrs. Clara Baker and family.

Prof. R. W. Homburger and the chemistry class of the Dunbar (ownership high school) visited the American Manganese plant, the Pennsylvania Wire Glass company and the Semet-Solvay coke plant at Dunbar on Tuesday afternoon.

The pupils and teachers of the Vanderbilt school attended a Safety First rally at the Y. M. C. A. on Thursday afternoon.

Mrs. Sara Jane Byers and daughter, Minnie, of Aurora, Neb., who were called here on account of the death of their sister, Mrs. Robert McBurney, are visiting among relatives in this community.

Walter Freed and George M. Strickler have each erected a new garage which are nearing completion.

The eighth grade pupils of the Vanderbilt school will take the examination for entrance to high school on Saturday, April 27.

Confluence.

CONFLUENCE, April 26.—Mrs. E. B. Brown, of the West Side, was a recent visitor with her daughter, Mrs. Charles Minder, of Rockwood.

Robert Swan, mail carrier at the Baltimore & Ohio station, has resigned and accepted a position at the Baltimore & Ohio scales office in Connellsville.

Daisy, the little daughter of Mr. and Mrs. Harry Watson, is improving from a stage of typhoid fever.

Mr. and Mrs. E. B. Brown have received two letters from their son Clyde, who is in France, stating he is well and getting along finely.

Sheridan Hunter has his family here from Ohio, and will reside on Eden street.

Thomas Little, who has been very ill, is reported better.

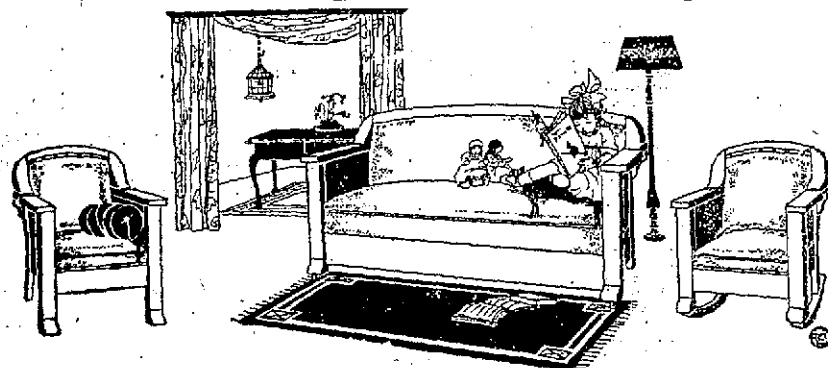

Mr. and Mrs. E. S. Marsh of Connellsville have returned home after attending the funeral of Mrs. Marsh's sister, Mrs. H. C. Dean.

Jesse Little, who was here visiting his parents, Mr. and Mrs. Thomas Little, has returned to his home in

Wilkinsburg. Emerson Wright of Greensburg, has returned home after a visit with friends for several days. Lloyd Fisher of Connellsville, was here yesterday attending the funeral of his niece, Mrs. H. C. Dean. Scott Little and family of Morgantown, W. Va., are here visiting the former's parents, Mr. and Mrs. Thomas Little.

KEYSTONE STATE IS BECOMING ALIVE TO THE WAR SITUATION

The Efforts of Speakers Have Brought About an Understanding of the Needs of the Hour.

PHILADELPHIA, April 22.—That the entire state of Pennsylvania is becoming alive to the war situation and that its patriotism is spontaneous

and self-sacrificing, are the conclusions of Ernest L. Tustin, chairman of the Speakers' Bureau of the Committee of Public Safety, who has just completed a patriotic speaking tour of the principal agricultural and industrial counties.

Chairman Tustin was accompanied by Lieutenant Perigord, of the French Army, and their speeches were for the promotion of the Liberty Loan and general patriotic sentiment.

"The results of our tour convince me that the state is now on its toes in war effort," Mr. Tustin said. "It is specially responsive to the Liberty Loan appeals and also in the matter of food conservation. Rural Pennsylvania is now demonstrating that it is sound at heart, that it will back up the government to the limit and that it will give the same splendid account of itself it gave in 1861. The farmers are coming out strong for Liberty Bonds. In one agricultural county our meeting was attended by crowds as living in more than five hundred auto-

mobiles, and next day subscriptions for bonds at the banks, equaled in one day the entire amount taken by the same subscribers in the previous loan campaign.

"Everywhere the thousands to hear Lieutenant Perigord's message from France were the best that I have witnessed since taking charge of the speakers' bureau. Several months ago I made a similar trip, and at that time there was an absence of the warm, patriotic enthusiasm which is now so noticeable. The change in sentiment is largely due to the good work of the local speakers' bureaus in organizing patriotic meetings in schools, churches and other public places. These meetings have given the public an understanding of the war and its issues and have brought about a complete realization of what is expected of and must be contributed by America.

"Without doubt, the Committee of Public Safety is to be credited with having accomplished this splendid re-

sult. It has got Pennsylvania awake and is keeping it awake."

Dunbar. D. C. Eason for wall paper.—Adv.—26mar27.

Plan Your War Garden Now; Save Time and Money.

HELP INCREASE OUR EXPORT FOOD STOCKS

IN CITY and country more war gardens are needed this year than ever before. Patriotism prompts 2,000,000 Americans to plant gardens last year, according to estimates of the United States Department of Agriculture. Transportation facilities of the nation will be strained this year hauling millions of war and foods for the Allies. The surplus food created by home gardens will help in the railroad problem. And the nation will eat less of the goods we must export—wheat, meat, fats and sugar. Every boy and girl that helps with the garden is helping win the war. Leaflets of instruction in garden making may be secured from the Department of Agriculture at Washington, upon request, without charge.

ESSENTIALS FOR NEW GARDEN PLOT

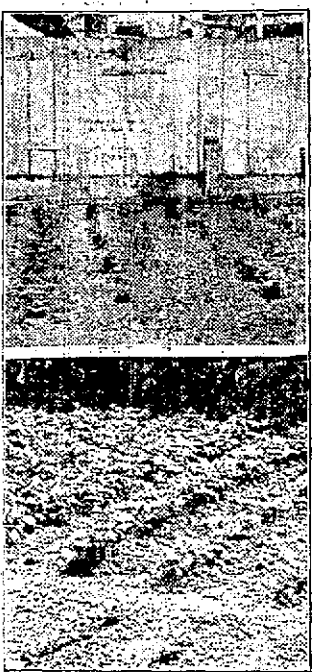

First Thing to Do Is to Remove
All Dead Weeds and Trash
of Any Sort.

GOOD DRAINAGE IS REQUIRED

Plowing or Spading Should Be Done
at Earliest Possible Moment—
Best Plan to Prepare Soil for
Planting as Needed.

(Prepared by the United States Department of Agriculture.)
The first problem in preparing the land for a garden that has been used for this purpose is to remove all dead weeds, sticks, stones, bushes and trash of any sort. Briers and bushes should be dug up by the roots so they will not sprout again.

Good drainage is essential to a successful garden. If the land is not well drained, this should be corrected as the first step in making the garden. Tile drains may be used or the land may be bedded by plowing it in long, narrow lines, leaving the middle furrows as drainage ditches. In the case of gardens spaded and worked by hand the same results may be had by bedding up the soil. Vegetables will not

These Before and After Pictures Show What Can Be Accomplished in Converting a Trash Heap into a Useful and Eye-Pleasing Garden.

thrive in poorly drained soil no matter how much care is given them.

Break Soil Early.
Plowing or spading should be done at the earliest possible moment, in order that in sections of the country where freezing occurs the soil may be subjected to freezing so that it will be broken up by the action of the frost and be mellow and friable when planting begins. Nothing aids in the preparation of soil, and especially stiff soils, like freezing and thawing. It is especially important that ground in soil be plowed and the grub-worms and other hibernating insects and worms may be destroyed.

Where severe freezing is sure to occur after the plowing, is done little harm will be done by plowing the ground while wet. Otherwise the ground should not be plowed until fairly dry, or clouds will result.

Lime Is Important.
If it is an excellent plan to make an application of air-slaked lime or ground limestone to the freshly-plowed soil in order that it may have time to correct acidity before planting time arrives. The manure should not be applied with the lime, as loss of nitrogen will occur under these circumstances. The lime should be applied and become mixed with the soil before the manure is applied. The manure should be of a good grade, stable manure either from horses or cattle preferably. Manure that has straw bedding material mixed with it is best, and should be applied at the rate of 25 or 30 tons per acre or from 300 to 400 pounds per square rod.

It is an excellent plan to prepare the soil for planting as needed rather than to fit the whole garden at once. If the work of fitting the ground is done with a team it will not always be feasible to follow this plan. Ground that has not been used for gardening purposes should, in every case where it is possible, be put in condition with a team, as the ground should be cut up with a disk or cutaway harrow, thoroughly fitting the soil as deeply as it has been plowed, thoroughly mixing the manure with the soil.

WITH THE LARK!

Gardening before breakfast starts any day right.
Those tomato stakes? Where are they? Expensive kindling. Are you saving some finely sifted coal ashes to loosen that clayey spot?

Planting Castor Beans.
A bushel of castor beans of the India variety will plant from 15 to 20 acres. The seed should be soaked in warm water for 12 to 24 hours before planting. Such treatment makes germination more rapid and certain.

Mining Soil Profitable.
Mining the soil can only be made profitable by the miner turning manufacturer and selling his product on the market nearest the consumer, and returning the waste to the soil.

CONFESSIONS OF THE CZARINA

EXCLUSIVELY IN THE
PITTSBURGH CHRONICLE TELEGRAPH
The Amazing Life Story of the
Recent Empress of Russia Now
Told For the First Time

That "truth is stranger than fiction" has a striking illustration in the life story of the Czarina of Russia. Not long ago reigning with her husband over 130,000,000 subjects and one-eighth of the ground space of the globe. To say she is plain Mrs. Nicholas Romanoff is to say in Tolstok, the greatest spot in all of dreary Siberia. No romance of any other kind or commoner excels in variety the amazing experience of this woman. Others have lost thrones, but not such a throne as that of the Russian—the richest and most autocratic on earth. For first trouble was for a match with her husband, the Dowager Czarina.

trying to retain possession of the crown jewels, which by law belong to the reigning Czarina. Falling in this the Czar's mother did succeed in forcing her son and daughter-in-law to live for a long time in a corner of a stuffy room of her own palace, while half a dozen gorgeous palaces, filled with servants and all the requisite means of royalty stood waiting for the young couple. How did the old lady do this, you will ask. That is only explained by the peculiar court customs of old Russia, which also makes clear many other unusual experiences—some tragic, some comic—that beset the new Czarina and the title of Czarina of all the Russias.

A BIG INSTALLMENT EVERY EVENING
Begins Wednesday, May First

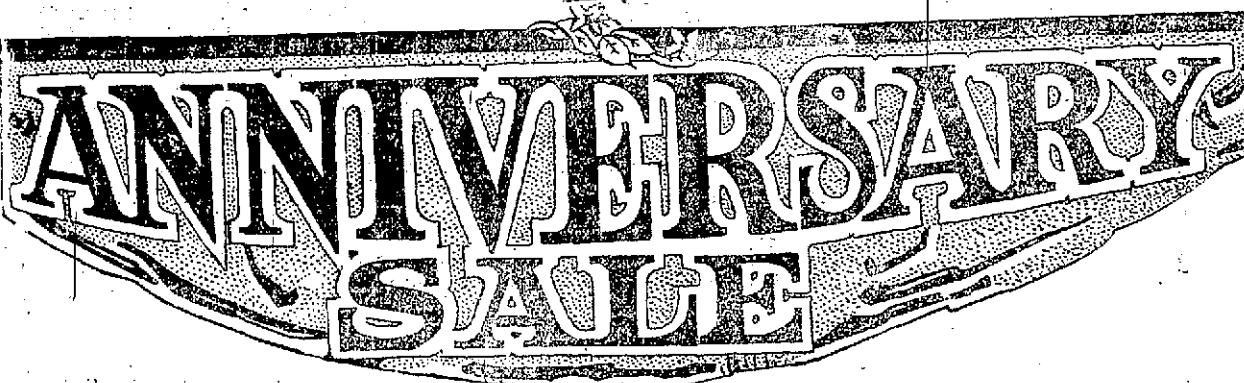

No Romance of Any Other King or Commoner Excels in Variety the Amazing Experience of This Woman

With her first day in Russia the court clique of the old Empress began its machinations against the young wife of the Czar who quickly responded by surrounding herself with a pro-German party. Then followed a series of intrigues, scandals and disasters, involving hundreds of persons, many of them belonging to the nobility and some in the exclusive set of the Grand Duchesses. Into this hotbed of conspiracy and intrigue were introduced the most notorious characters of Europe—noblewomen, alleged spiritualists, mediums and finally the beautiful Russian, who not only posed as a model but pretended to be more than human. After deluding scores of women in the highest circles of Petersburg, she made a victim of the Czarina herself.

and soon became in fact, if not in name, the ruler of Russia until he was assassinated. Amid all this there came an estrangement between the Czar and Czarina because she failed to supply a male heir to the throne and then followed the Czarina's love affair with Count Orloff, which ended in Orloff's suicide to save the fair name of his sovereign. There are some of the most sensational events in the Czarina's short life which have been committed to paper by Count Paul Vladim. himself a real Russian. Nothing in history or romance since the earliest days of kings excels in interest the marvelous facts revealed in this story, which will be published serially in the

It Takes Courage To Be a Soldier

It takes iron nerves, men with red blood and the brawn to do, the nerve to "huck-up," to climb mountains, and "go over-the-top," or with stamina enough to meet the night attack. Energy is the most valuable thing in the world. You need energy every day, every minute of the day. It is the same behind the lines, in the work shop, and on the farm. What is most needed is iron in the blood. Every man should have as much iron in his body as is contained in an ordinary "tampenny" nail. If your blood is thin, watery, your face pale and anemic, or simply, you feel depressed, blue, without energy to complete your daily tasks. It's time to heed the warning. Put "Ironie" Tablets, a new combination of soluble iron and herbal extracts discovered by Dr. Pierce and his Physicians of the Surgical Institute in Buffalo, N. Y. It gives one snap, pep, vim and vigor to have this iron in the blood. "Ironie" is a blood maker, a strength builder and a nerve tonic. You can obtain "Ironie" at most drug stores for sixty cents the vial, or you can obtain a test package by sending ten cents to the Invalids' Hotel and Surgical Institute in Buffalo, N. Y.

THE AIR LINE IS A VERSATILE VEIL.

It's all in the way you wear it. As it is shown here gracefully draped in the back it gives the impression that the wearer has just come down from a spruce in the clouds, and milder looks quite charming. There are other ways of wearing the "aviatrix" veil. For it is a versatile veil. Any one of the ways give wonderful results, comfort and good looks. It can be worn over the face and tied in front, also flung back like a motor veil. As a veil for motor driving there isn't a more stylish one, and it is not conceivable of anyone having imagination to design one that is better.

Avoiding the Rush Hours

The railroad engineer lowers grades, straightens curves, cuts through hills and fills valleys to get easier hauls.

If the telephone traffic curve, as shown in the right-hand corner of the illustration, could be flattened by distributing a percentage of calls over less busy periods, it would effect a material saving and assist us in meeting the extraordinary demands for telephone service.

By restricting the use of your telephone around ten o'clock in the morning and three o'clock in the afternoon, you will help us to tender better service to all and expedite the service for the Government which in the minds of all of us comes first.

NEWS OF THE DAY AT MT. PLEASANT BRIEFLY RELATED

Orders Received for Sending Selectives to Fort Thomas, Ky.

WILL LEAVE NEXT THURSDAY

Preparations Being Made to Give Draftees Going to Camp Lee Sunday a Fine Sendoff; Boys of High School Are Given Some Military Training.

Special to The Courier.

MOUNT PLEASANT, April 26.—Orders have been received by Draft Board No. 6 that the draftees for Fort Thomas, Ky., will leave on May 2 at 5 o'clock in the evening over a special Baltimore & Ohio train. The list will be ready and notices sent out in a very few days.

Sendoff for Sunday Contingent. Preparations are being made to give the draftees who leave on next Sunday a grand sendoff. A large parade will be held.

Child Dies.

Joseph Vavasky, aged two years, son of Mr. and Mrs. Stove Vavasky, died at its home at Hecla yesterday. Funeral services will be held today and interment will be made in the Trauger cemetery.

Getting Military Training.

H. H. DeLong, superintendent of the local schools, is helping the boys in the high school get some military training. The boys are not compelled to serve, but most of them wish to take advantage of some military training. The boys are being trained by Sergeant John C. Mullin. The armory is being used as a drill hall. Twenty-five boys were out the first night. Arrangements will be made for two drills a week. Officers will not be chosen until they reach a certain rank of efficiency and they will be chosen from the boys' own ranks.

Bible Class Entertains.

The Alpha Bible class of the United Brethren church entertained a number of their friends with a social hour and program at the church last evening.

Dawson.

DAWSON, April 26.—Mrs. A. C. Brown was a Pittsburg visitor Thursday.

The Dawson schools marched to the Y. M. C. A., Dickerson Run, in a body Thursday afternoon, where they showed a series of safety first pictures on the screen to the scholars. They were very interesting and of great value to the children.

Mrs. Charles Hensel of Uniontown, is spending a few days with her parents, Mr. and Mrs. Frank Meng.

Mr. and Mrs. William Martin and Mrs. W. C. Crowell of Cleveland, attended the funeral of Lydia Cunningham Wednesday.

Mrs. James Meehan visited friends at Florence Wednesday.

Mr. and Mrs. W. A. Wood are preparing to go to housekeeping in their new home on Bridge street.

Harry Addis of Vanderbilt, was looking after business interests in Pittsburg Thursday.

The Four-Minute speeches at the nickelodeon each evening are proving very interesting. This week's evenings have been supplied with speeches, and the greater part of next week supplied.

Mr. and Mrs. Alva Gilleland, Belle Vernon, Mr. and Mrs. James Herst, Scottsdale, Mrs. David Eason, Dunbar, Mrs. Jennings and daughter Madge, Mrs. Long and Mrs. Flora Snyder of Connelleville, were out of town people who attended the funeral of Lydia Cunningham, Wednesday.

Ohiopyle.

OHIOPYLE, April 26.—Miss Thelma Rush and Miss Jennie Linderman departed yesterday for Scottsdale to visit the former's grandparents, Mr. and Mrs. Evans Rush.

Mr. and Mrs. Kirkpatrick and baby left Thursday for Connelleville to spend a few days.

W. S. Rafferty and family, who have resided in Connelleville, are moving their household goods to Ohioptyle. Their new home on Garrett street is nearing completion. W. S. Rafferty is realtor agent for the Baltimore & Ohio.

Mrs. P. H. Hunter and daughter departed Thursday for Humbert, where they have moved their household goods.

The new addition to the Burdette & Saylor store has been completed. This new part will be used especially for men's furnishings.

The blacksmith shop at the Rush & Lambie coal mine has been completed, ready for use.

The Voice of Lincoln

"We accepted this war for a worthy object, and the war will end when that object is attained. Under God, I hope it will not end until that time."

Fifty-four years ago when many people were asking, as some are asking to-day, what was the use of the war, Abraham Lincoln replied in the above stirring words.

The voice of Lincoln can be heard in America today. His appeal is for us to keep up the struggle until the object of the war is obtained and the world is made safe for democracy.

Every person in this country has a distinct share to do and YOUR share is to buy LIBERTY BONDS to provide the United States Government with the necessary money for carrying on the war to a successful end.

The more Bonds you buy, the quicker will the war end and the more American soldiers will return home safe and sound.

These American soldiers are risking their lives, but the buyer of LIBERTY BONDS does not even risk his money. When you buy a LIBERTY BOND, in addition to the satisfaction of performing your patriotic duty, you get the best investment in the world—a United States Government Bond, guaranteed by the richest nation in the world.

SPIRIT OF THE GREAT LAKES, 1918

A war of all the people, for all the people, and by all the people—that was the war of '76 and that is the war of 1918.

A photograph taken the other day at the Great Lakes Naval Training Station tells the story. They are all of them real, honest, Navy men, the four who posed for the picture, wearing the uniforms there that they wear sixteen hours a day, and only one of them is of so-called "war age." From William T. Cobb, aged 18, to Arthur Rachett, 54, each one considers it very decidedly his war and he is going to see that it is not lost

for lack of men and spirit. The others in the picture are George E. Heydorn, 20, and Leo N. Lyle, 28.

Rachett, snow-white as to hair, and straight slender, and youthful as to physique, is a former member of the Canadian Army. He has been a resident of the United States for several years, however, and when we entered the Great War he immediately enlisted in the U. S. Navy. It was his assignment to the Great Lakes Station that gave Senior Bandmaster Richard Tainter the idea for the reproduction of the famous "Spirit of '76"

THE CAMPAIGN FOR CLEAN COAL IS NOW ON IN THE REGION

The Inspections Department Machinery is in Full Operation.

COAL MUST STAND TESTS

As to Ash Content and B. T. U. Before It Can Go to Market; Many Interesting Discoveries Made; Persistent Offenders Will Have Supply Cut Off.

The interest of coal producers in the Connellsville region just now is centered in the efforts of the Fuel Administration to apply the regulations designed to prevent the shipment of unclean coal.

The organization of a plan of campaign is well advanced and a vast amount of time and attention is being given to it. A department of coal inspection has been organized at Washington and the machinery for locating the producers of unclean coal and for applying the penalties is already in operation. In this work the representatives of the Fuel Administration report finding a splendid spirit of patriotism and cooperation among the coal producers. Fully 90 per cent of the team-truck loaders and others new to the industry, have never had tests made of their coal to ascertain its fuel value. Their product having been accepted and paid for by the consignees the shippers have inferred that it was satisfactory and have continued making shipments. It having been brought to their attention that much of their output does not properly come under the Fuel Administration's definition of fuel, they have almost invariably expressed a willingness to adopt any measures necessary to improve the quality of their product.

The investigations of the inspections department have revealed some very interesting and surprising facts in connection with the coal that has been going to the markets from certain mines in the region particularly those operating in seams other than the Pittsburg. Out of many tests already made it has been found that coal containing as high as 20 per cent ash and running as low as 10,000 B. T. U. has been shipped. This is so far below the standard necessary in a fuel for steam generating or similar purposes that it comes under the classification of "bad coal" hence it is not allowed to enter the markets.

Every doubtful car of coal is held on the plant siding until a test has been made of its loading. While it has not yet been found necessary to impose the penalties provided by the representatives of the Fuel Administration in charge have all power and authority to stop every persistent offender. In such cases report is made to the Railroad Administration and orders are promptly issued to cut off the car supply. With such resources at the command of the authority it is foolish as well as hopeless to attempt to "put one over" on the government through shipping evil coal and inspection has shown to be below the standard. The practice of shipping all sorts of so-called coal has had so disastrous an effect upon many of the essential war industries that drastic measures to stop it became necessary, and the regulations now in force are the result of that decision. They will be applied without favor or discrimination, the tests to determine fuel value being the standard by which quality is to be determined and not merely an inspector's opinion.

SURGEON'S KNIFE LEFT BAD SCAR

Goebel Suffered Great Pain, Which Availed Him Nothing Toward Recovery

There are scores of residents of Erie who are familiar with the condition of Louis Goebel the well-known carpenter and all have sympathized sincerely with him in his sufferings.

Mr. Goebel exhibited an ugly cross like scar on the outer surface of his abdomen.

"That is what the surgeons did for me. I was in the hospital for three months. They told me I had gall stones in my bladder and I was told that the inflammation substances had overflowed to my stomach. They operated on me. Yes sir cut me open and after all of that suffering I had no results from the operation."

I have been unable to work for a long time. Nearly everybody who knows me knows that I am telling the gospel truth. Yes sir, this Tanlac has done what the knife couldn't do for me. I have used one single bottle of Tanlac and I feel like a new man. I am improving every day getting my strength back. I expect to continue taking this Tanlac and I am going back to work soon. This Tanlac has done more for me than everything else combined, and I have taken I guess barrels of medicine. It's certainly like a miracle.

Tanlac is now sold here by the Connellsville Drug Co.

Tanlac can also be secured in Dunbar at D. C. Benson's Drug Store—adv.

Confluence.

CONNELLVILLE, April 25.—Miss Melba Maist, who taught a very successful term of school here the last term, has returned to her home in Meyersdale.

Mrs. H. P. Meyers and son Paul Mr. and Mrs. I. W. Dehobst Mr. and Mrs. Fred Wilhelm and Park Bender left yesterday for Cleveland, O. where they will join Mr. Meyers and all return in Ford touring cars over land today.

Miss Elizabeth Bower, who taught a very successful term of school near Sand Patch and whose school is out has returned to the home of her parents Mr. and Mrs. W. S. Bower here. Patronize those who advertise.

W. P. Critchfield who has been at the home of his son Charles in Pittsburgh sick for several months has so far recovered as to be able to have returned to his home here yesterday.

Mrs. Charles Robinson of Uramia was shopping and visiting friends in town yesterday.

Man Who Signs Your Money Tells You to Invest It In Bonds

Copyright Harris and Swing

The Treasurer of the United States knows considerable about U. S. Government bonds. That is one reason for the big success of John Burke of North Dakota who has been speaking for the Liberty loan throughout the Fourth Federal District.

Burke served three terms as governor of the State of North Dakota, before he was appointed United States Treasurer in 1913.

Having signed his name so many thousands of times to bills which stand for real gold dollars, Burke has come to be looked upon as an authority on the uses thereof, and anyone who went to hear him speak with an idea of frittering away any of those precious bills came away a chastened person.

He proved a most convincing speaker not only as regards the moral reasons—rights of patriotism—which should lead to the purchase of Liberty Bonds but also on the benefits of the purchase as an investment alone.

April showers wash and clean old mother/birth of Winter's germs and vapors. Moisture's Rocky Mountain Tea does the same thing for your stomach. Bowel blood-purifier cleans you through a d. through a thoroughly Spring remedy. See Tea or Tablets Connellsville Drug Co.—adv.

The Cost of Shells

When the battle is raging and everything depends on the ability of the artillery to stop the rush of the advancing enemy or to clear the way for our men, it does not matter to the gunner how much the shells cost. What matters to him is that he shall have as many shells as he needs—that means life or death, victory or defeat.

Modern warfare is very expensive and this war will be won by those who are able to provide the last few million dollars. That is why it is necessary for the United States Government to have great quantities of money so that there shall never be a shortage of shells or other necessities.

LIBERTY BONDS will provide this money. You are not asked to GIVE a penny, merely to LEND it at liberal interest to the richest government in the world.

Every LIBERTY BOND you buy stands between the American soldier and the enemy. It saves the lives of our men and provides them with the means of victory.

Your share in winning the war is to

BUY LIBERTY BONDS

AND BUY THEM NOW FROM ANY BANK

Frisbee Hardware Co.

as a patriotic contribution towards winning the war

Just One Thing Better Than Buying A Liberty Bond—Buy Two

On three or four or as many as you possibly can. Every bond you buy is a direct blow at the Kaiser—another shell hurled into the ranks of the enemy. And besides you make a mighty safe and profitable investment. Bonds may be bought on the installment plan at this bank.

Join Our Liberty Loan Bond Club

It's the easiest and simplest way to get on the home firing line—to strike a body blow at the Kaiser.

Under the LIBERTY LOAN BOND CLUB plan anybody can buy a \$50 bond by paying a dollar down and a dollar a week until the bond is paid for.

\$100, \$200, \$300, \$500 worth of bonds may be paid for in similar proportionate installments.

These bonds are the safest investment in the world today. All the resources of the U. S. Government are back of them.

Don't let anything keep you away from this double opportunity.

An opportunity for safe and profitable investment. An opportunity to help win the war.

THEY OFFER THEIR LIVES FOR YOU

Your sons and your neighbors' sons, perhaps, are now fighting in France or will be "over there" very soon.

They offer their lives for us.

Can we do less than offer our money to supply them with food, guns and ammunition?

No, it is our plain duty to buy as many Liberty Bonds as we possibly can. It is the least that we can do for the brave boys at the front.

And there is really no sacrifice connected with it, for every bond is as good as gold—better than gold—for the bonds pay 4 1/4 per cent interest.

Come in today and join the Liberty Bond Club.

AMERICAN NAVY ELIMINATES WASTE

CLIPPING DECK ON BATTLESHIP

ACKIES in the American Navy are classed as the best fed body of men in the world. In the ship's galleys every effort is made to eliminate waste. In the upper photo one of the cooks on the North Dakota is operating a meat slicer that cuts bacon with the least possible wastage. Fat is fuel for fighters. Bacon is badly needed in the allied armies and navies. The allied needs in pork products are 150,000,000 pounds monthly, three times as much as before the war. Another waste eliminator on the North Dakota is the potato peeler, shown in the lower photo. Nothing is lost except the actual potato skin. There is a sufficient quantity of po-

PRUNE FRUIT-BEARING TREE

Attention Must Be Given to Removal of Wood as Well as to Height and Formation.

(From the United States Department of Agriculture.)

In pruning a fruit-bearing plant like the apple attention must be given not only to the height and formation of the head, but to the removal of wood as well. The apple bears its fruit on spurs which are themselves developed from wood one year or more of age. For that reason, therefore, the removal of wood which carries fruit spurs reduces the crop the tree is capable of bearing. This then, is a practicable way of thinning the fruit. Besides accomplishing this result pruning can be used to lessen the annual growth and force the energy of the plant which would naturally be used in making wood into the fruit, thus increasing its size or enabling the tree to carry a larger quantity than would be possible were a normal wood growth permitted.

MUCH PLANT FOOD IS LOST

Anywhere From Twenty to Sixty Per Cent of Fertilizer Is Wasted by Elements of Weather.

The results of experiments carried on by experiment stations in this country and Canada show that anywhere from twenty to sixty per cent of the real plant food contained in manure is lost where the manure is exposed to the leaching and wasting of the weather, for from two to eight months, as the manure on so many farms is allowed to be before being returned to the soil.

Mandot to Teach Boxing. Joe Mandot of New Orleans has been appointed boxing instructor at Camp Buangard.

URGES MEN AND WOMEN TO REDUCE DANGEROUS VARICOSE VEINS

A Few Minutes Each Day With Simple Home Treatment Will Help Wonderful.

People who have swollen veins or bulges should not wait until they reach the bursting point, which means much suffering and loss of time, but should at once secure from any reliable druggist a two-ounce original bottle of *Obiopyle* (full strength). By using this powerful and sure, yet harmless treatment, improvement is noticed in a few days and by its regular use swelling and pain return to their normal size and sufferers will come to worry.

Obiopyle.

OHIOPLYE, April 25.—F. M. Rush of the Obiopyle House, has purchased a new Buick auto.

Ralph Potter has purchased a new Ford.

F. E. Bynette is cleaning the lot of J. W. Chuck and having it plowed, getting it ready for an early garden.

Carl Siegle of Cheat Haven, motored to Obiopyle Wednesday and spent the day greeting friends.

Mr. and Mrs. P. H. S. Hunter and family, who have resided at Cucumber Run, are moving to Confluence, where they will reside. Mr. Hunter, daughter Miss Helen and brother Paul departed for that place yesterday.

William Wable and Norman Hall will leave with the Graciosa Sunday to Camp Lee.

Doctor said, "Bio-feren had done wonders for her."

Case 1114—School teacher; Residence—Kentucky; severe operation left her weak, anemic, nervous; low vitality. Physician recommended *Bio-feren*. Two weeks' treatment showed remarkable improvement. Doctor reported, "Bio-feren had done wonders for her." Another case—Pennsylvania, reports: "I have taken about one-half of the *Bio-feren* pellets and now confess that I feel like new." A Kentucky woman says: "I have taken *Bio-feren* regularly and feel much benefited. I can use my arms much better. However, can not get my hands to my head sufficiently to comb my hair, but I feel that I will soon be able to do that." You want the vigorous health and ruddy beauty that is dependent on strength, nerves and red blood. Everybody does. Read these reports above, again. You, too, if you are dragged down in health and strength because of overwork, worry, nerves, and similar causes can rebuild your health and strength with *Bio-feren*. It is not a stimulant. It is a builder—a builder of better health. *Bio-feren* contains some of the best ingredients known in the medical world, and is indicated for the treatment of run-down conditions due in infectious diseases, convalescence from acute fevers, etc. There is no secret nor mystery about *Bio-feren*. Every package shows the elements it contains. Ask your physician about it, or have him write and we will send him complete formula. And don't forget that *Bio-feren* is sold only on condition that you will return the empty package and show us to refund your purchase price if, for any reason, you are not fully satisfied. Please bear that in mind for it is very important. *Bio-feren* sells at \$1.00 for a large package. Your druggist can supply you or we will send it direct upon receipt of \$1.00; six packages for \$5.00, should you have any trouble in securing it. RETAIL COAL AND COKE
PRICES IN PITTSBURG
SET BY ADMINISTRATION

\$4.50 for coal and \$9.50 for coke plus
hauling and housing charges;
No Cash Discount.

D. W. Kuhn, fuel administrator for the Pittsburgh district, has announced a schedule of prices for the retail delivery of coal and coke throughout the city, boroughs and thickly settled districts of Allegheny county.

A yard price for screened lump coal of \$4.50 a ton of 2,000 pounds to govern from April 1 until September 1, was announced at the beginning of the present month and at the same time it was given out that teamsters might charge a maximum of \$1.00 a ton for delivering coal in the level districts. It was announced April 3 that 25 cents a ton would be added to the price of coal on and after September 1.

The official list fixes the yard price of coke at \$9.50 and the price of anthracite at \$9.75. An addition of 25 cents a ton for coke and 50 cents a ton for anthracite on and after September 1 is provided for in the schedule.

Prices for delivered coke and anthracite in the downtown districts are fixed at \$11.00 and \$10.75 a ton up to September 1.

The charge for hauling coal ranges all the way from \$1.25 per ton to \$2. The rates for housing fuel have

This
WILLIAM AND MARY CABINET
was selected from a field of 40
Candidates

That's why you can feel satisfied that in purchasing the Official
Laboratory Model in this exquisite walnut case, you've secured the
one most beautiful model of its period.

Forty different sketches were submitted by the country's leading
designers. After careful inspection twenty five were rejected. Fif-
teen cabinets were then actually constructed, one from each of the
remaining sketches. And finally a jury selected the model pictured.

Yes, this meant considerable trouble and heavy expense. But it is
this insistence upon perfection which explains the quality of
